AIR QUALITY DIVISION  
ACTIVITY REPORT: Scheduled Inspection

N279139455

FACILITY: Alside Supply Center		SRN / ID: N2791
LOCATION: 550 E MANDOLINE, MADISON HTS		DISTRICT: Southeast Michigan
CITY: MADISON HTS		COUNTY: OAKLAND
CONTACT: Will Rindle , Operations Manager		ACTIVITY DATE: 04/20/2017
STAFF: Samuel Liveson	COMPLIANCE STATUS: Compliance	SOURCE CLASS: MINOR
SUBJECT: Scheduled inspection of minor source. Now warehouse storage.		
RESOLVED COMPLAINTS:		

On April 20<sup>th</sup>, 2017, I conducted an unannounced, scheduled, level 2 inspection of Alside Supply Center (Alside) located at 550 East Mandoline Street in Madison Heights, Michigan. The purpose of this inspection was to determine the facility's compliance with the federal Clean Air Act; Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended; and the Air Pollution Control Rules.

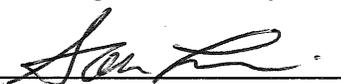

Facility Change

I arrived on site at 1:50 PM. The facility was previously ChemCast Corporation. Alside bought the facility around 2013. There may have been other owners after ChemCast Corporation and before Alside. I met with Mr. Will Rindle, Operations Manager. Mr. Rindle provided a walkthrough of the facility. I explained the purpose of our unannounced facility inspections.

Alside uses the building as a warehouse for building material storage (windows, etc.). According to Mr. Rindle and from my walkthrough, there do not appear to be boilers, cold cleaners, or emergency generators on site. Alside does not appear to have notable air quality concerns. I departed offsite at 2:15 PM.

Conclusion

Alside has no notable air quality concerns. The facility has been marked permanently closed in the Michigan Air Compliance and Enforcement System.
