N589948768

FACILITY: PAYNE & DOLAN INC C35		SRN / ID: N5899
LOCATION: C35 PORTABLE ASPHALT PLANT #216-96C, IRON RIVER		DISTRICT: Upper Peninsula
CITY: IRON RIVER		COUNTY: IRON
CONTACT: JAMES MERTES , ENVIRONMENTAL COORDINATOR		ACTIVITY DATE: 05/06/2019
STAFF: Sydney Bruestle	COMPLIANCE STATUS: Compliance	SOURCE CLASS: SM OPT OUT
SUBJECT: Inspection to verify compliance with PTI 216-96C		
RESOLVED COMPLAINTS:		

Payne and Dolan C35 is a portable asphalt plant operating under PTI 216-96C. This permit was issued on June 11, 2003 and the facility has not been inspected since issuance. On May 6, 2019 I (Sydney Bruestle) contacted Mr. James Mertes, the Environmental contact for Payne and Dolan, (via email) to determine compliance with PTI 216-96C and all other applicable state and federal air quality regulations, I have attached his email response to this inspection report. Plant C35 regularly operates in Wisconsin and has not operated in Michigan since 2004. In 2004 Plant C35 produced 4,598 tons of asphalt. Mr. Mertes informed me they don't plan to operate plant C35 in Michigan for the next two years. Although Plant C35 does not operate in Michigan Payne and Dolan still reports to MAERS annually. This facility is meeting the requirements of PTI 216-96C and all other applicable state and federal air quality regulations.
