Dear Mr. Brisson:

SECOND VIOLATION NOTICE

On March 14, 2018, the Department of Environmental Quality (DEQ), Air Quality Division, conducted an inspection of Wood Island Waste Management Sanitary Landfill located at 10081 State Highway M-28 East, Wetmore, Michigan. The purpose of this inspection was to determine compliance with the requirements of Title 40 of the Code of Federal Regulations, Part 61, National Emission Standards for Hazardous Air Pollutants, Subpart M, and Rule 942 of Part 55, Air Pollution Control of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

According to our investigation, Wood Island Waste Management, Inc., owns and operates the facility.

On March 19, 2018, the AQD sent the company a Violation Notice citing NESHAP violations discovered as a result of the inspection and requested your written response by April 9, 2018. A copy of that letter is enclosed for your reference. As of this date, we have not received your response.

Please be advised that failure to respond in writing and identifying actions the company will take or has taken to resolve the cited violations may result in escalated enforcement action by the AQD. Please provide the information requested in our March 19, 2018, letter by April 30, 2018, which corresponds to 12 days from the date of this letter.

Be further advised that issuance of this Violation Notice does not preclude or limit the DEQ's ability to initiate any other enforcement action under state or federal law as appropriate.

If you have any questions regarding the violations or the actions necessary to bring your facility into compliance, please contact me at the number listed below.

Sincerely,

Joseph Scanlan
EQA/Asbestos NESHAP Inspector
