RE: Correction of Violation Notice for the late reporting of the Semi-Annual Report and Deviations.

Dear Mr. Kallumkal

RPP submitted its semi-annual deviation reports late for the January 2016 to June 2016 time frame. During the time the report was to be submitted, RPP was working with MDEQ on a downtime issue from May when our CEMS computer was infected with the CERDERUS ransomware virus. John Von Zellen was working and getting guidance from Mark Dziadosz about what happened and how it needs to be noted, recorded and corrective actions to be taken in the paperwork we submit to MDEQ. Mark was very helpful in getting this one-time event reported properly.

As mentioned this was a one off event that created the delay in submitting our paperwork. RPP doesn't anticipate incurring in other events that was cause us to be late in the future.

Regards,

A handwritten signature in black ink, appearing to read "Michael Cuffia". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Michael Cuffia
