

**DEPARTMENT OF ENVIRONMENTAL QUALITY
AIR QUALITY DIVISION
ACTIVITY REPORT: Scheduled Inspection**

N695353791

FACILITY: Lambda Energy Resources LLC - St Frederick & Wood		SRN / ID: N6953
LOCATION: NW/4 SE/4 Frederic Twp, FREDERIC		DISTRICT: Gaylord
CITY: FREDERIC		COUNTY: CRAWFORD
CONTACT:		ACTIVITY DATE: 06/01/2020
STAFF: Bill Rogers	COMPLIANCE STATUS: Compliance	SOURCE CLASS: MINOR
SUBJECT: Minor Source Inspection		
RESOLVED COMPLAINTS:		

On June 1, 2020, I inspected the Lambda State Frederic and Wood Single Well Facility, located near the Frederic 2 CPF, northwest of Frederic. This facility is covered by Permit to Install 65-01, issued March 15, 2002.

Permit 65-01 references only a glycol dehydrator. I did not see it during my inspection. Lambda personnel report that the dehydrator has been removed and there is no equipment at the site any longer. I will notify Permits Section that we can void the permit.

Lambda personnel report that this facility has been "temporarily abandoned" since April 2016. Therefore the facility has not operated since that time. They also report that there was a tank farm on this site, but it was dismantled. When I inspected the facility there was a large concrete pad on site, empty. This is likely where the tank farm was.

I did not notice any odors. I didn't see any leaks or spills. I didn't see any stained soils which might indicate leaks or spills in the past.
