List of Partial Compliance Evaluations :

Activity Date	Activity Type	Compliance Status	Comments
09/30/2020	Self Initiated Inspection	Compliance	Inspection to determine if violations from August 2019 had been resolved. FCE completed for facility also.
05/13/2020	MAERS	Compliance	MAERS EFs are used for all pollutants/activities except for EUHMAPLANT (asphalt mix, natural gas) PM10 and PM2.5, which use Other EFs. The "Other" emission factors appear to have come from discussions between District and ERAU staff back in 2012, and also appear in AP-42. Please see the District file for additional documentation. Otherwise, emissions were reported consistent with previous year submittals and appear relatively accurate. Audit passed.
