07/07/2022	On-site Inspection	Compliance	On-site air quality compliance inspection.
05/12/2022	MAERS	Compliance	Report was submitted on time but incomplete. The SCT was missing and a VN was issued. The facility submitted the table and the VN was corrected. Facility is using MAERS emission factor. One discrepancy noticed in NOx emissions for EUHMAPLANT. Upon review, it could be seen this was a decimal error. This was confirmed with the facility and corrected in the report by the auditor with the facility's permission. Audit result is passing.
