✦ *Recycling and Processing Wood Fiber* ✦

Dear Mr. Collins,

I am responding to the violation notice we received with a date of April 20,2020.

The date the violation occurred was on March 12, 2020. The gauge that measures the pressure for the SVCYCLONE had stopped working. Before you (Mr. Collins) had left Fiber By-Products, the maintenance team fixed the gauge and had it operational. The gauge is checked daily when the plant is in operation.

Sincerely,

A handwritten signature in black ink, appearing to read "Cory Schrock".

Cory Schrock
