SUBJECT: Compliance inspection, FY 2015. Facility permanently closed.		
RESOLVED COMPLAINTS:		

A visit was made to 5717 Executive Drive, Westland, on September 28, 2015, to conduct an inspection of Perk & Brew coffee roasters. The facility is now occupied by Michigan Driveline Products. I stopped in and met with Chris Peters. He told me that Michigan Driveline Products has been operating at this address since 2009 after Perk & Brew ceased operations and vacated the building. Michigan Driveline Products rebuilds and services automobile transmissions; no air permits are required.

PTI No. 124-08 had been issued to Perk & Brew on May 8, 2008, for coffee roasting equipment. Mr. Peters let me walk through the facility to verify that all permitted coffee roasting equipment had been removed. PTI No. 124-08 was still active in the database; this permit will be voided.
