Re: Generate Fremont Digester, LLC
January 29, 2020 VN Response
Permit to Install No.'s 378-08 and 378-08A

Dear Ms. DeVries:

In accordance with the January 29, 2020 Violation Notice from Michigan Department of Environment, Great Lakes, and Energy (EGLE) – Air Quality Division (AQD), Burns & McDonnell has prepared this letter on behalf of Generate Fremont Digester, LLC (Generate Fremont Digester).

EGLE-AQD has issued the Violation Notice for failing to obtain a Permit to Install (PTI). While Generate Fremont Digester does operate under two PTI's, facility ownership and operational staff agree that a new PTI is warranted to adequately reflect current facility operations.

We understand that EGLE-AQD permitting staff are available on the afternoon of March 3rd to participate in a pre-permit application meeting. On behalf of Generate Fremont Digester, Burns & McDonnell is respectfully requesting confirmation of the pre-application meeting at EGLE-AQD's offices in Lansing on the afternoon of March 3, 2020. The following individuals will be attending the meeting on behalf of Generate Fremont Digester:

- Scott Martin
- Jeff Pfof
- Paul Collins
- Karl Crave

In the interim, Burns & McDonnell is currently working on the PTI application submittal. The draft application will be presented and discussed at the pre-application meeting with the goal of finalizing and submitting the application by or before March 15th.

Ms. Kaitlyn DeVries
Michigan Department of Environment, Great Lakes, and Energy
