SUBJECT: Unannounced, scheduled inspection for compliance with PTI 248-09a.		
RESOLVED COMPLAINTS:		

Dan McGeen and I arrived on site at 11:40am. There were cars in the parking lot but there was no one inside the office. We drove around to the back of the building and entered through the back door. The building was empty except for one last piece of machinery, which was being moved that day. Adam Hancock, Operations Manager, was there and notified us that they were moving their facility to be joined with their Wixom facility in SE Michigan. Adam assured us that they were already in touch with the DEQ SE District and have a PTI application in. We left the facility at 12:15pm.

I will be requesting that PTI 248-09A be voided.
