

**RECEIVED October 6, 2022 via E-mail.**

To State of Michigan DEQ /Air Quality

I have received notice of a violation , and we are investigating the matter .

A monthly tabulation for each months VOC emissions should appear on the spread sheet

We calculate the amounts, the use of a different format of spread sheet may be the issue.

State Fab will contact your office with our findings.

We will contact you asap , wit our findings via e-mail or phone.

Thank you for your continued patience on this matter.

Roy Rodriguez , Facilities Manager
