LOCATION: IRONWOOD & WAKEFIELD TWPS, IRONWOOD		DISTRICT: Upper Peninsula
CITY: IRONWOOD		COUNTY: GOGEBIC
CONTACT: THOMAS REPAAL , SR ENVIRONMENTAL ENGINEER		ACTIVITY DATE: 07/21/2015
STAFF: Ed Lancaster	COMPLIANCE STATUS: Compliance	SOURCE CLASS: MINOR
SUBJECT: Conducted scheduled inspection via phone call.		
RESOLVED COMPLAINTS:		

Orvana Resources' PTI No. 180-11 had an expiration date of July 17, 2015, unless the company began construction of the copper mine and processing facility.

On July 21, 2015, at 1053 hours, I called Mr. Tom Repaal, Senior Environmental Engineer for Highland Copper to discuss the progress at the mine site.

Mr. Repaal said the company has not begin construction and were still deciding the logistics of the layout of the facility. He said recent discussions are to only develop the mine and ship the ore off-site to a processing facility.

I told Mr. Repaal that I would request the permit be voided and a void letter would be sent to him from the permit section.
