Ref: Violation Notice (SRN: P0542, Muskegon County)

Eric,

This letter is in regards to the Violation Notice we received on October 31<sup>st</sup>, 2016. Port City Architectural Signage installed and began to operate an airset foundry in late August of 2015. Although we were not using it in full production until early 2016, we are now using it as our primary onsite foundry. We would like to correct the violation by filing for the proper permits that were presented to us during our meeting. Please find the attached application along with supporting documentation of the materials we use in our process. If you have any questions or any of the information is incomplete please do not hesitate to contact me directly at any time. Thank you for your time and we look forward to getting the proper permits and certifications required by the State of Michigan.

Sincerely,

Tim Mills  
President  
Port City Architectural Signage
