STAFF: Joel Asher	COMPLIANCE STATUS: Compliance	SOURCE CLASS:
SUBJECT: Human crematory		
RESOLVED COMPLAINTS:		

On 4/19/2016 I conducted an unannounced inspection of this facility. My contact was Ms. Patsy Galer, owner.

Easter Upper Peninsula Crematory is a new company. The crematory is not installed yet. It is likely the unit will be installed and operational in August of this year. Ms. Galer showed me the location where the unit will be located. Time was spent reviewing the requirements specified in PTI #23-16.

This facility will be revisited later in the year after the crematory is installed and operational.
