ACTIVITY REPORT: Self Initiated Inspection

P069135007

FACILITY: DYNAMIC CRUSHING LLC		SRN / ID: P0691
LOCATION: 6417 CENTERLINE RD, SARANAC		DISTRICT: Grand Rapids
CITY: SARANAC		COUNTY: IONIA
CONTACT: Mark Velting		ACTIVITY DATE: 06/16/2016
STAFF: April Lazzaro	COMPLIANCE STATUS: Non Compliance	SOURCE CLASS:
SUBJECT: Review of relocation notice- indicates non-compliance with setback limit.		
RESOLVED COMPLAINTS:		

Staff, April Lazzaro received the relocation notice on June 8, 2016. A review of the siting was conducted and did not appear to meet the 500' setback requirement of the General Permit No. 53-16. I contacted Greg Huyser, Owner, who had Mark Velting, Operator contact me. We connected via phone on June 14, 2016.

Mr. Velting indicated he had forgotten about the 500' setback requirement in the permit. He indicated he would measure the site and get back to me. Mr. Velting indicated that after measuring he found that he is 375' from the house and 400' from the gas station. He indicated that the owner of the house is a truck driver and isn't there that much, and didn't care about the crusher. He hoped to get a note from the owner of the gas station to say they didn't mind either. I told him that unfortunately, that does not change the law.

More importantly, I stated that I receive two separate dust complaints from DEQ employees. One was driving from Detroit to Spring Lake and stopped at our office on the way to specifically tell us about the issue.

I informed Mr. Velting that Dynamic Crushing would be getting a Violation Notice for improper citing, and that he would have to increase the dust control and apply for a site specific Permit to Install. I indicated I would be out to inspect the site next week. Mr. Velting stated that they want to do the right thing and would try to get the siting fixed ASAP.

Dynamic Crushing, LLC is in non-compliance.
