

RICK SNYDER
GOVERNOR

STATE OF MICHIGAN
DEPARTMENT OF ENVIRONMENTAL QUALITY
SOUTHEAST MICHIGAN DISTRICT OFFICE

C. HEIDI GREYER
DIRECTOR

March 2, 2018

Mr. Brian Boreo, Manager
Milosch's Palace Collision Center
4800 South Lapeer Road
Lake Orion, Michigan 48359

SRN: P0733, Oakland County

Dear Mr. Boreo:

VIOLATION NOTICE

On January 30, 2018, the Department of Environmental Quality (DEQ), Air Quality Division (AQD), conducted an inspection of Milosch's Palace Collision Center located at 4800 South Lapeer Road, Lake Orion, Michigan. The purpose of this inspection was to determine Milosch's Palace Collision Center's compliance with the requirements of the federal Clean Air Act; Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); and the Air Pollution Control Rules.

During the inspection, staff observed the following:

Process Description	Rule/Permit Condition Violated	Comments
Space heater fired by used/waste oil.	R 336.1201	Milosch's Palace Collision Center installed a waste oil burning space heater without obtaining a permit to install. Most of the waste oil used is not generated on the geographical site.

During this inspection, it was noted that Milosch's Palace Collision Center had installed and commenced operation of unpermitted equipment at this facility. The AQD staff advised Brian Boreo on February 15, 2018, that this is a violation of Act 451, Rule 201.

A program for compliance may include a completed PTI application for the waste oil burning space heater. An application form is available by request, or at the following website: www.michigan.gov/deqair (in the shaded box on the upper right-hand side of the page).

Be advised that Rule 201 requires that a permit be obtained prior to installation, construction, operation, reconstruction, relocation, or alteration of any process or process equipment which may be a source of an air contaminant.

Alternatively, this process may be exempt under Michigan Air Pollution Control Rule, **R336.1282 (2)(b)(iv)** which states, in part:

R 336.1282 Permit to install exemptions; furnaces, ovens, and heaters.

Mr. Brian Boreo
Page 2
March 2, 2018

Rule 282. (1) This rule does not apply if prohibited by R 336.1278 and unless the requirements of R 336.1278a have been met.

(2) The requirement of R 336.1201(1) to obtain a permit to install does not apply to any of the following:

(b) Fuel-burning equipment which is used for space heating, service water heating, electric power generation, oil and gas production or processing, or indirect heating and which burns only the following fuels:

(iv) Waste oil or used oil fuels that are generated on the geographical site and the equipment has a rated heat input capacity of not more than 500,000 BTU per hour.

If Milosch's Palace Collision Center decides to operate pursuant to this exemption Rule (R336.1282 (2)(b)(iv)), then the company must only utilize waste oils that are generated on the geographical location of the space heater. Also, the space heater must have a maximum heat input capacity of not more than 500,000 BTU per hour.

Please initiate actions necessary to correct the cited violation and submit a written response to this Violation Notice by **March 23, 2018** (which coincides with 21 calendar days from the date of this letter). The written response should include: the dates the violation occurred; an explanation of the causes and duration of the violation; whether the violation is ongoing; a summary of the actions that have been taken and are proposed to be taken to correct the violation and the dates by which these actions will take place; and what steps are being taken to prevent a reoccurrence.

If Milosch's Palace Collision Center believes the above observations or statements are inaccurate or do not constitute violations of the applicable legal requirements cited, please provide appropriate factual information to explain your position.

Thank you for your attention to resolving the violation cited above and for the cooperation that was extended to me during my inspection of Milosch's Palace Collision Center. If you have any questions regarding the violation or the actions necessary to bring this facility into compliance, please contact me at the number listed below.

Sincerely,

Adam Bognar
