Lansing, MI 48910

SRN: P0951, Oakland County

Dear Mr. Sears:

VIOLATION NOTICE

On August 20, 2018, the Department of Environmental Quality (DEQ), Air Quality Division (AQD), conducted an inspection of South Flint Gravel located at 6090 Belford Road Holly, Michigan. The purpose of this inspection was to determine South Flint Gravel's compliance with the requirements of the federal Clean Air Act; Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); the Air Pollution Control Rules; and to investigate fugitive dust/sedimentation and soil erosion trackout attributed to concrete crushing operations.

During the inspection, staff observed the following:

| Process Description | Rule/Permit Condition Violated | Comments |
|---------------------|----------------------------------|---|
| Concrete Crusher | Rule 336.1201 Permits to Install | Facility installed a nonmetallic mineral crusher without obtaining a permit to install. |

This process is also subject to the federal Standards of Performance for New Sources (NSPS) for Nonmetallic Mineral Processing Plants. These standards are found in Title 40 of the Code of Federal Regulations (CFR) Part 60, Subpart OOO.

During this inspection, it was noted that SC Environmental Services had commenced operation of an unpermitted process at this facility. The AQD staff advised SC Environmental Services on September 6, 2018, that this is a violation of Rule 201 of the administrative rules promulgated under Act 451.

A program for compliance may include a completed PTI application for the nonmetallic mineral process equipment. An application form is available by request, or at the following website: www.michigan.gov/deqair (in the shaded box on the upper right-hand side of the page)

Be advised that Rule 201 requires that a permit be obtained prior to installation, construction, operation, reconstruction, relocation, or alteration of any process or process equipment which may be a source of an air contaminant.

Please initiate actions necessary to correct the cited violation and submit a written response to this Violation Notice by October 9, 2018 (which coincides with 21 calendar days from the date of this letter). The written response should include: the dates the violation occurred; an explanation of the causes and duration of the violation; whether the violation is ongoing; a summary of the actions that have been taken and are proposed to be taken to correct the violation and the dates by which these actions will take place; and what steps are being taken to prevent a reoccurrence.

Please submit the written response to the DEQ, AQD, Southeast Michigan District, at 27700 Donald Court, Michigan 48092 and submit a copy to Ms. Jenine Camilleri, Enforcement Unit Supervisor at the DEQ, AQD, P.O. Box 30260, Lansing, Michigan 48909-7760.

If SC Environmental Services believes the above observations or statements are inaccurate or do not constitute violations of the applicable legal requirements cited, please provide appropriate factual information to explain your position.

If you have any questions regarding the violation or the actions necessary to bring this facility into compliance, please contact me at the number listed below.

Sincerely,

Robert Joseph
Environmental Engineer
