SRN: P1086, Oakland County

Dear Mr. Peyerck:

VIOLATION NOTICE

On April 28, 2021, the Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division (AQD), conducted an inspection of Dani's Transport located at 225 East Columbia Avenue, Pontiac, Michigan 48340. The purpose of this inspection was to determine Dani's Transport compliance with the requirements of the Federal Clean Air Act; Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); the Air Pollution Control Rules; and to investigate complaints which we received on April 23 and 28, 2021, regarding fugitive dust attributed to facility roadways and aggregate stockpiling operations.

During the inspection, staff observed the following:

Process Description	Rule/Permit Condition Violated	Comments
Roadways and Stockpiles	R 336.1901	A person shall not cause or permit the emission of an air containment that causes unreasonable interference with the comfortable enjoyment of life and property. Large dust plumes were observed originating from the facility entering the atmosphere and onto residential property.

In the professional judgment of AQD staff, the fugitive dust observed was of sufficient intensity, frequency and duration so as to constitute a violation of Rule 901 of the administrative rules promulgated under Act 451.
