Response to violation notice on March 27<sup>th</sup> 2023

I would like to start off with an apology regarding this violation. Crushing concrete was something that we added on to our business in the year of 2022 when we purchased 5100 Hudson Rd Waterford MI 48329. I was not aware that a special permit was required with EGLE to be able to operate a nonmetallic mineral crusher. We operated for only a short period of time in the months of 9/2022-11/2022 and we have not operated since. Moving forward we have submitted our application on 3/24/2023 VIA email and U.S Mail and are starting the process of marking our equipment to make ease of inspection when necessary. If there is anything else that we are needing to complete before approval please let us know. Thank you for your time.

A handwritten signature in black ink, appearing to read 'Mike Reis', with a large, sweeping underline that loops back under the first part of the name.

Mike Reis
