Rachel Benaway'

In response to your letter of violation notice, My crew did burn in open pit on or about Oct. 17,2019. We were cleaning up old wooden boxes and debris around the property. This was the first and only time we've burnt debris at our place. We dug a pit to contain the fire, wasn't aware that this not permitted. We haven't burnt anything after that date and will no longer be burning on the property. I will have the ashes from the pit removed from the site and taken to a landfill.

Sincerely

A handwritten signature in black ink that reads "James P. Moore".
