**Inspection Summary**

I entered the facility and the desk receptionist paged Tom for me who arrived shortly thereafter. I informed Tom of the purpose of my visit and provided him with a copy of my business card. According to Tom, he was

unaware of any sort of incinerator since he began working at this facility about 10 years ago, but was willing to escort me around the building to confirm it was removed.

Tom and I walked the building and could not find evidence of an incinerator. I feel comfortable stating this device has been removed and the permit is no longer valid.

The notice of voidance will be sent to:

Mr. Tom Shaw  
Genesee Care Center  
8481 Holly Road  
Grand Blanc, MI 48439

This report will be used to void permits 44-68I and 14-87I in accordance with MDEQ memo Procedure for Voiding Permits to Install, dated June 7, 1999.
