7953 Adobe Rd

Kalamazoo, MI 49009

Attn: Dennis Dunlap

Regarding Violation Notices 03/07/2016 & 03/10/2016

Great Lakes Trailer Washout is working diligently on the odor that is coming from the building and disturbing the resident near our facility.

We have purchased a new deodorizer that is continuously distributed throughout the inside of our building.

Also we have changed the process of our water that is 80% fresh water used on our trailers each and every day.

The odor is and has been extremely better and should not cause the neighbors any problems.

Also the truck drivers have been notified that it will not be tolerated that they leave there trap doors open coming into our facility to drain on top of our parking lot or roads.

Any more questions regarding this matter please feel free to call me at any time.

Thank you!

Lynn Zandbergen
