Dear Mr. Zandbergen:

**SECOND VIOLATION NOTICE**

On August 12, 2016, the Department of Environmental Quality (DEQ), Air Quality Division (AQD), sent a violation notice to Great Lakes Trailer Washout (Facility), located at 8228 Neptune Drive, Kalamazoo, Michigan. This violation notice was in response to an odor investigation conducted on August 11, 2016. The DEQ, AQD, received a timely response from the Facility for this violation, but has not received the requested updated Odor Minimization Plan (OMP) that is required under Consent Order AQD No. 20-2016.

On September 20, 2016, the AQD sent the Facility a Violation Notice citing the violation for not submitting an updated OMP, and requested your written response by October 10, 2016. A copy of that letter is enclosed for your reference. As of this date, the DEQ, AQD, has not received your response.

Please be advised that failure to respond in writing and identifying actions the Facility will take or has taken to resolve the cited violation may result in escalated enforcement action by the DEQ, AQD. Please provide the information requested in our September 19, 2016, letter by November 3, 2016, which corresponds to 14 days from the date of this letter.

Be further advised that issuance of this Violation Notice does not preclude or limit the DEQ's ability to initiate any other enforcement action under state or federal law as appropriate.
