FACILITY: Reliable Automation		SRN / ID: U411500631
LOCATION: 3434 Busch Drive		DISTRICT: Grand Rapids
CITY: Grandville		COUNTY: KENT
CONTACT: Chris Chenlo, Owner		ACTIVITY DATE: 01/20/2015
STAFF: April Lazzaro	COMPLIANCE STATUS: Compliance	SOURCE CLASS: <i>Minor</i>
SUBJECT: Unannounced, unscheduled inspection.		
RESOLVED COMPLAINTS:		

Staff, April Lazzaro arrived at the facility at 11:00 AM to discuss a complaint they had regarding fallout on the employees vehicles. I met with Steve Chenlo, who introduced me to Chris Chenlo and Craig Overweg who are co-owners of the facility.

I explained the process of AQD complaint response, and Mr. Chenlo stated that I could go into the facility parking lot at any time to observe for issues.

We walked into the plant to conduct a brief inspection. The facility is a machine shop for the automotive industry, for whom they design and build special machines. They conduct some painting in the existing spray booth utilizing aerosol cans which is exempt from permitting per Rule 287(b). Filters were in place, and clean.

They conduct some welding, with self-contained internally venting control. They also conduct tooling and all units are self-contained and any turnings are sent off-site for recycling.

The facility was in compliance at the time of the inspection.
