Dear Mr. Bekkering:

**VIOLATION NOTICE**

On February 5, 2019, the Department of Environmental Quality (DEQ), Air Quality Division (AQD), conducted an inspection of Our Daily Bread located at 3000 Kraft Avenue SE, Grand Rapids, Michigan. The purpose of this inspection was to determine Our Daily Bread's compliance with the requirements of the federal Clean Air Act; Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); the Air Pollution Control Rules; and to investigate two complaints which we received on January 28, 2019 and February 4, 2019 regarding burnt odors and smoke attributed to Our Daily Breads' operations.

During the inspection, staff observed the following:

Process Description	Rule/Permit Condition Violated	Comments
Ink press	Rule 301	AQD staff observed excessive smoke emitted out a stack on Our Daily Bread's building.
Ink Press	Rule 910	Process was operating while RTO was malfunctioning.

During this inspection, it was noted that Our Daily Bread's heat set ink press processes were emitting opacity in excess of emissions allowed by Rule 301 of the administrative rules promulgated under Act 451.

On February 1, 2019, the AQD staff observed operation of the heat set ink press while the RTO was malfunctioning. The staff present during the inspection indicated that the equipment has been malfunctioning for approximately 1 week, but the company was in the process of fixing it. This constitutes a violation of Rule 910 of the administrative rules promulgated under Act 451, which requires that an air-cleaning device shall be installed, maintained, and operated in a satisfactory manner and in accordance with the administrative rules and existing law.
