Dear Sarwan Grewal and Bob Hoffman:

**VIOLATION NOTICE**

On July 10, 2023, the Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division (AQD) conducted a drive-by inspection at 300 South Hughes Road, Howell, Livingston County. The purpose of this inspection was to determine compliance with the requirements of Title 40 of the Code of Federal Regulations (40 CFR), Part 61, Subpart M (National Emission Standard for Asbestos), and Rule 942 of Part 55, Air Pollution Control of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

According to my investigation, Singh Construction Company, owns the facility which was demolished and RJ Hoffman Mgt., Inc., performed the demolition activities. The National Emission Standard for Asbestos (NESHAP) holds the *owner and operator* liable for all violations.

During the inspection, EGLE staff observed the following:

The facility was demolished, and all demolition debris had been removed. The owner did have an asbestos survey performed prior to the demolition activities, however, no Notification of Intent to Renovate/Demolish was submitted to the administrator for the demolition project.

Process Description	Section Violated	Comments
On 7/10/2023, a drive-by inspection was performed at 300 S. Hughes Rd., Howell. No Notification was submitted to the administrator for the demolition activities.	40 CFR §61.145(b)(1)	Failure to provide the Administrator with written notice of intent to demolish.
