March 24, 2016  
RE: SRN: U611602077, Muskegon County

To Whom It May Concern:

This letter is in response to a Violation Notice for the above listed SRN. On March 10, it was discovered that an employee was burning building materials on the premises. That issue was immediately corrected and a company policy has been put in place to keep this from happening in the future. It is policy that any and all waste be disposed of in a proper manner either by being placed in the dumpster or being hauled to Muskegon County Solid Waste.

If you have any questions regarding this, please do not hesitate to contact Sean Sobczak or Adam Sobczak, General Managers at the number listed above.

Sincerely,

A handwritten signature in black ink, appearing to read "Rachel Thompson".

Rachel Thompson  
Office
