SUBJECT: Onsite Inspection		
RESOLVED COMPLAINTS:		

On Tuesday, October 7, 2014, I conducted an unannounced self-initiated inspection at NorthStar Mat Service located at 30515 Century Drive, Wixom, Michigan. The purpose of the inspection was to verify facility's compliance with requirements of Article II, Air Pollution Control, Part 55 of Act 451 of 1994. AQD had received a PEAS complaint regarding chemical release at this facility earlier. The complaint indicated that the facility is a mat manufacturing site.

I arrived at the facility at about 11:00 AM. At the facility, I met Mr. Doc Sloan, Owner. I introduced myself and stated the purpose of my inspection. During the pre-inspection meeting, Mr. Sloan explained that the facility cleans floor mats and towels for restaurants and hotels. The facility has few industrial size washers and dryers.

Conclusion: The facility appears to be in compliance with applicable air quality requirements.
