Dear Mr. Emmons and Grebeck:

**VIOLATION NOTICE**

On June 6, 2016, the Department of Environmental Quality (DEQ), Air Quality Division, conducted an inspection of a grain elevator located at 415 East Lake St, South Lyon. The purpose of this inspection was to determine compliance with the requirements of Title 40 of the Code of Federal Regulations, Part 61, Subpart M (National Emission Standard for Asbestos), and Rule 942 of Part 55, Air Pollution Control of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

According to our investigation, PTV Enterprises, Inc. owns the facility and E. T. MacKenzie Co. performed the demolition activities at the facility. The National Emission Standard for Asbestos holds both the owner and operator equally liable for violations.

During the inspection, staff observed the following:

The former grain elevator had been demolished in May of 2015 without a Notification of Intent to Demolish being submitted to the MDEQ, as per Asbestos NESHAP regulations.

Process Description	Section Violated	Comments
