Dear Ayman Ayash and Alsiyaghy Hussam:

VIOLATION NOTICE

On September 18, 2024, the Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division (AQD) conducted an inspection at the commercial property located at 24450 Telegraph Road, Southfield, Oakland County. The purpose of this inspection was to determine compliance with the requirements of Title 40 of the Code of Federal Regulations (40 CFR), Part 61, Subpart M (National Emission Standard for Asbestos), and Rule 942 of Part 55, Air Pollution Control of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

According to our investigation, Sari Group, LLC owns the property and Arcideo Construction, LLC conducted the demolition activities. The National Emission Standard for Asbestos holds both the owner and operator equally liable for violations.

During the inspection, AQD staff noted a demolition site at final grade. The building formerly at the site was a subject commercial building. A copy of the required asbestos survey was provided for review. A notification of intent to demolish had not been filed.
