Dear Mr. Goss and Mr. Huffman:

VIOLATION NOTICE

On April 20, 2018, the Department of Environmental Quality (DEQ), Air Quality Division (AQD) conducted an inspection of three buildings located at 9825 Island Drive (residential), 4219 Pointe Tremble Road (commercial), and 4303 Pointe Tremble Road (residential) in Clay Township, MI. The purpose of this investigation was to determine the Crown Enterprises, Inc.'s and 21st Century Salvage, Inc.'s compliance with the requirements of Title 40 of the Code of Federal Regulations, Part 61, National Emission Standards for Hazardous Air Pollutants, Subpart M, and Rule 942 of Part 55, Air Pollution Control of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

According to our investigation, Crown Enterprises, Inc. owns the buildings and 21st Century Salvage, Inc. performed the demolition activities at the buildings. The National Emission Standard for Asbestos holds both the owner and operator liable for violations.

DEQ AQD staff observed that the buildings at 9825 Island Drive and 4219 Pointe Tremble Road had been demolished. At the time of the site visit, 4303 Pointe Tremble Road was still standing. The required 10 day notice of intent to renovate/demolish for the demolition of the structures had not been submitted for the buildings.
