Dear Mr. Fisher and Mr. Nelson:

**VIOLATION NOTICE**

On March 14, 2019, the Department of Environmental Quality (DEQ), Air Quality Division (AQD) performed an asbestos inspection located at 409 West Main Street, Owosso, Shiawassee County Michigan. The purpose of this inspection was to determine compliance with the requirements of Title 40 of the Code of Federal Regulations, Part 61, Subpart M (National Emission Standard for Asbestos), and Rule 942 of Part 55, Air Pollution Control of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451).

According to our investigation, Fisher Gravel was the operator who conducted the demolition activities, and Mr. Bob Nelson is the property owner of the address mentioned above. The National Emission Standard for Asbestos holds the owner and operator liable for all violations.

During the investigation staff observed the following:

I inspected the site and the structure was demolished and the debris was removed. After searching the DEQ Asbestos Notification System (ANS), I found no record of a notification being submitted 10 working days prior to demolition starting. I did obtain a copy of the demolition permit from the City, which included the asbestos survey, notification of the asbestos abatement work and the manifest from the disposal.

Process Description	Section Violated	Comments
Failure to provide 10 working day notification	§61.145(b)(1)	Failure to provide 10 working day notification before demolition of a commercial building.

Please initiate actions necessary to correct the cited violations and submit a written response to this violation notice by April 12, 2019, (which coincides with 21 calendar days from the date of this letter). The written response should include: the date(s) the violations
