Dear Mr. and Mrs. Haddad:

**VIOLATION NOTICE**

On June 6 and 7, 2017, the Department of Environmental Quality (DEQ), Air Quality Division (AQD), conducted an inspection of the former VFW CPL Lambert Pfeiffer Post located at 16736 Ecorse Road, Allen Park. The purpose of this inspection was to determine your compliance with the requirements of Title 40 of the Code of Federal Regulations, Part 61, Subpart M (National Emission Standard for Asbestos), and Rule 942 of Part 55, Air Pollution Control of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

According to our investigation, you own the facility and performed the demolition and renovation activities at the facility. The National Emission Standard for Asbestos hold both the owner and operator equally liable for violations.

During the inspection, AQD staff Tammy S. Bell observed that a portion of the commercial building had been demolished, and the remaining portion of the building was in the process of being renovated.

Process Description	Section Violated	Comments
Partial demolition and renovation activities of a commercial structure.	40 CFR 61.145(a)	Failure to thoroughly inspect for asbestos
	40 CFR 61.145(b)(1)	Failure to provide 10 working day notification prior to demolition

Please initiate actions necessary to correct the cited violations and submit a written response to this Violation Notice by July 14, 2017 (which coincides with 21 calendar days from the date of this letter). The written response should include: the dates the violations occurred; an explanation of the causes and duration of the violations; whether the violations are ongoing; a summary of the actions that have been taken and are proposed to be taken to correct the violations and the dates by which these actions will take place; and what steps are being taken to prevent a reoccurrence.

Mr. and Mrs. Haddad
