Dear Mr. Saylor:

VIOLATION NOTICE

On March 5, 2019, the Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division (AQD) conducted an inspection of the former nursing home located at 2411 W. Grand Boulevard, Detroit. The purpose of this inspection was to determine the owners/operators compliance with the requirements of Title 40 of the Code of Federal Regulations (CFR), Part 61, National Emission Standards for Hazardous Air Pollutants (NESHAP), Subpart M and Rule 942 of the administrative rules promulgated under Part 55, Air Pollution Control of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

According to our investigation, Picalli Real Estate Investments, LLC owns the facility and SJ Design & Construction, LLC / A.L Saylor Excavating/Demolition, LLC performed the demolition activities at the facility. The NESHAP for Asbestos holds both the owner and operators liable for violations.

On March 5, 2019, it was noted that the former nursing home had been demolished without the required 10-day notice of intent to demolish to the AQD. An asbestos survey was not conducted at the site.
