

NOTICE of AIR PERMIT COMMENT PERIOD and PUBLIC HEARING

The Michigan Department of Environment, Great Lakes, and Energy (EGLE) is holding a public comment period and virtual public hearing, if requested, to allow the public the opportunity to comment on the proposed conditional approval of an air permit.

A public comment period is open from April 28, 2021, until June 14, 2021:

Company: FCA US LLC (FCA) Warren Truck Assembly Plant (Warren Truck) located at 21500 Mound Road, Warren, Michigan

What FCA wants to do: PTI Application No. 13-19B is proposing changes to an existing air permit, including the number and size of some of the fuel burning equipment, changes to the location of pollution control equipment, and updates to exhaust stacks.

Technical details: The proposed changes are subject to state and federal Non-Attainment New Source Review rules and regulations for a major modification to an existing major stationary source based on the expected significant net emission increase in volatile organic compounds. The facility's impact will not exceed the available increments for nitrogen oxides, particulate matter less than 10 microns, or particulate matter less than 2.5 microns.

It has been preliminarily determined that the proposed changes to the permit will not violate any of EGLE's rules nor the National Ambient Air Quality Standards.

The proposed changes will require revisions to FCA's Renewable Operating Permit (ROP) No. MI-ROP-B2767-2016. This public comment period meets the public participation requirements for a future administrative amendment to the ROP.

Provide comment in any of these ways by June 14, 2021:

- **By email:** EGLE-AQD-PTIPublicComments@Michigan.gov.
- **By voicemail:** Call 517-284-0900.
- **In writing:** Ms. Annette Switzer, Permit Section Manager, EGLE, AQD, P.O. Box 30260, Lansing, Michigan 48909.
- **Attend the virtual informational session and public hearing, if requested,** to be held on June 2, 2021, starting at 6:00 p.m. If the hearing is requested, the virtual hearing portion will be solely for the purpose to take testimony on the record.

NOTE: The virtual informational session and public hearing will only be held if requested in writing by May 28, 2021. If requested, a link to attend the meeting will be posted at Michigan.gov/Air, choose "Public Notice" then "New Source Review (NSR) Permits Open for Comment".
