ACTING DIRECTOR

June 21, 2023

Kevin D'Arco, EHS Manager  
AmeriTi Manufacturing LLC  
19300 Filer Avenue  
Detroit, Michigan 48234

Dear Kevin D'Arco:

This letter is in reference to your Permit to Install (PTI) application, identified as No. APP-2022-0124, State Registration Number A8892. The application was received on April 28, 2022, for an increase in allowed throughput for the existing powder manufacturing process and replacement of certain control devices located at 19300 Filer Avenue in Detroit, Michigan.

Review of your PTI application is complete. We have announced a public comment period as required by state and federal regulations, on the intent of the Michigan Department of Environment, Great Lakes, and Energy (EGLE) to approve the proposed permit. The public comment period will begin on June 21, 2023 and will end on August 7, 2023. A virtual informational session and public hearing have been scheduled on July 27, 2023. You may submit comments during the comment period and are encouraged to appear at the virtual informational session and public hearing on behalf of your PTI application.

After resolving any issues raised during the public comment period and/or the hearing, a final decision will be made on your PTI application.

By law, construction of the proposed process should not begin until you receive an approved PTI. *This letter is not an approved permit to install* and only references a proposed action on your PTI application.

Enclosed are copies of the proposed permit conditions, "Notice of Air Permit Comment Period and Public Hearing," "Proposed Project Summary," and the "Technical Fact Sheet" regarding our analysis of your proposed project.

If you have any questions, please feel free to contact me.

Sincerely,

Marina Ostaszewski, Environmental Engineer  
Permit Section  
Air Quality Division  
517-648-7995
