

NOTICE of AIR PERMIT COMMENT PERIOD and PUBLIC HEARING

The Michigan Department of Environment, Great Lakes, and Energy (EGLE) is holding a public comment period and an in person public hearing to allow the public the opportunity to comment on the proposed conditional approval of an air permit.

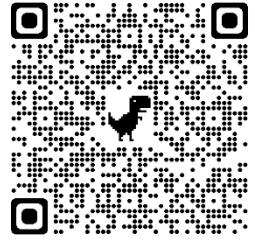

There is a public comment period from February 21 until April 8, 2024, and an in person public hearing on March 26, 2024 for:

Company: Carmeuse Lime & Stone located at 25 Marion Avenue, River Rouge, Michigan

What Carmeuse Lime & Stone wants to do: Application No. [APP-2023-0028](#) is for the proposed use of coke oven gas as an additional fuel in the existing lime kilns. The coke oven gas would be obtained from EES Coke, where it is currently being flared.

Technical Details: The public comment period and public hearing are to allow all interested parties the opportunity to comment on the proposed conditional approval of a Permit to Install (PTI). It has been preliminarily determined that using coke oven gas as an additional fuel will not violate any of EGLE's rules nor the National Ambient Air Quality Standards.

Additionally, the permit modifications will require revisions to Renewable Operating Permit (ROP) [MI-ROP-B2169-2013](#) (SRN B2169). This public comment period meets the public participation requirements for a future administrative amendment to the ROP.

Provide comment in any of these ways by April 8, 2024:

- **By email** to EGLE-AQD-PTIPublicComments@Michigan.gov
- **By voicemail** by calling 517-284-0900
- **In writing** to EGLE, AQD Permit Section Manager, P.O. Box 30260, Lansing, Michigan 48909-7760
- **At the in person public meeting and hearing** on March 26, 2024, starting at 6:00 p.m. at the Kemeny Center, at 2260 South Fort Street, Detroit, MI 48217. The meeting and hearing will also be broadcast. The public may join the broadcast at: <https://bit.ly/3uA2b5H>. EGLE staff will be available to answer questions and provide assistance if needed.

Get technical reports about this project:
