2710 South M-52
Owosso, Michigan 48867

Dear George Steinbarger:

This letter is in reference to your Permit to Install (PTI) application, identified as No. APP-2023-0083, for the installation of a new fiberglass boat manufacturing and fiberglass reinforced plastic composite products plant at 2710 South M-52 in Owosso, Michigan (State Registration Number P1363).

The public comment period ended on October 30, 2023. A virtual public hearing did not take place as one was not requested. The Air Quality Division (AQD) did not receive any comments during the public comment period. After careful consideration of the issues and pursuant to the delegation of authority from the Director of the Michigan Department of Environment, Great Lakes, and Energy (EGLE), I have approved PTI No. 126-23.

This approval is based upon and subject to compliance with all administrative rules of EGLE and conditions stipulated in the enclosed supplement. Please review these conditions thoroughly so that you may take the actions necessary to ensure compliance with all these conditions.

The equipment covered by this permit is also subject to the requirements of the Renewable Operating Permit (ROP) Program. An administratively complete application for an ROP must be submitted to the Lansing District Supervisor within 12 months of commencing trial operations. For further assistance, please contact the Lansing District Office at 517-294-9288.

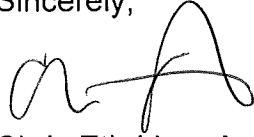

To help us improve the service we provide our customers, we encourage you to complete a *Permit to Install Customer Service Survey* on the following Web page:
