DIRECTOR

September 13, 2023

Patrick May, President
Crest Marine
2710 South M-52
Owosso, Michigan 48867

Dear Patrick May:

This letter is in reference to your Permit to Install (PTI) application, identified as No. APP-2023-0083, State Registration Number P1363. The application was received on March 29, 2023, for the installation of a new fiberglass boat manufacturing and fiberglass reinforced plastic composite products plant at your existing facility located at 2710 South M-52 in Owosso, Michigan.

Review of your PTI application is complete. We have announced a public comment period as required by state and federal regulations, on the intent of the Michigan Department of Environment, Great Lakes, and Energy (EGLE) to approve the proposed permit. The public comment period will begin on September 13, 2023, and will end on October 30, 2023. A virtual informational session and public hearing have been scheduled on October 17, 2023; however, they will be held only if requested by October 9, 2023. You may submit comments during the comment period and are encouraged to appear at the virtual informational session and public hearing, if held, on behalf of your PTI application.

After resolving any issues raised during the public comment period and/or the virtual hearing, if held, a final decision will be made on your PTI application.

By law, construction of the proposed process should not begin until you receive an approved PTI. *This letter is not an approved permit to install* and only references a proposed action on your PTI application.

Enclosed are copies of the proposed permit conditions, "Notice of Air Pollution Comment Period," "Proposed Project Summary," and the "Technical Fact Sheet" regarding our analysis of your proposed project.

If you have any questions, please feel free to contact me. You may call me on October 10, 2023, to determine if a hearing was requested.

Sincerely,

Jeff Khaled, P.E., Environmental Engineer
