Daniel Hofbauer, Plant Manager  
Crimson Holdings, LLC  
1336 East Maumee Street  
Adrian, Michigan 49221

Dear Daniel Hofbauer:

This letter is in reference to your Permit to Install (PTI) application, identified as No. APP-2023-0141 and the related proposed consent order. The application, received on May 9, 2023, is for installation of a packed-bed scrubber to control odors from the spray dryer used to manufacture powdered eggs at 1336 East Maumee Street in Adrian, Michigan, State Registration Number E8117.

The Michigan Department of Environment, Great Lakes, and Energy (EGLE) has completed the review of your PTI application. We have announced a public comment period as required by state and federal regulations, on our intent to approve the proposed permit and entry of the proposed consent order. The public comment period will begin on November 6, 2023, and will end on January 8, 2024. A virtual informational session and public hearing have been scheduled on December 6, 2023. You may submit comments during the comment period and are encouraged to attend the informational session and public hearing.

After resolving any issues raised during the public comment period and/or hearing, a final decision will be made on your PTI application and consent order.

Enclosed are copies of the proposed permit conditions, "Notice of Comment Period and Public Hearing," "Air Permit and Enforcement Summary," and the "Technical Fact Sheet" regarding our analysis of your proposed project. Copies of the draft consent order and "Enforcement Summary Report" have also been included.

If you have any questions, please feel free to contact me.

Sincerely,

Andrew J. Drury, Senior Engineer Specialist  
General Manufacturing Unit  
Permit Section, Air Quality Division  
517-648-6663
