PHILLIP D. ROOS  
DIRECTOR

January 9, 2024

Tim Johnson, General Manager / Vice President  
Universal Coating, Inc.  
5204 Energy Drive  
Flint, Michigan 48505

Dear Tim Johnson:

This letter is in reference to your Permit to Install (PTI) application, identified as No. APP-2023-0147, State Registration Number N7256. The application was received on June 2, 2023, for the installation of two new tumble spray coating lines located at 5204 Energy Drive in Flint, Michigan.

Review of your PTI application is complete. We have announced a public comment period as required by state and federal regulations, on the intent of the Michigan Department of Environment, Great Lakes, and Energy (EGLE) to approve the proposed permit. The public comment period will begin on January 9, 2024 and will end on February 15, 2024.

EGLE will be hosting an informational session, prior to the hearing, on February 8, 2024, starting at 5:30 p.m. at the Gloria Coles Flint Public Library, 1026 East Kearsley Street, Flint, Michigan. EGLE staff will provide a summary of the proposed permit and the technical review completed with an opportunity to answer questions from the public. The hearing will begin immediately following.

You may submit comments during the comment period and are encouraged to appear at the informational session and public hearing on behalf of your PTI application.

After resolving any issues raised during the public comment period and/or the hearing, a final decision will be made on your PTI application.

By law, construction of the proposed process should not begin until you receive an approved PTI. *This letter is not an approved permit to install* and only references a proposed action on your PTI application.

Enclosed are copies of the proposed permit conditions, "Notice of Comment Period and Public Hearing," "Proposed Project Summary," and the "Technical Fact Sheet" regarding our analysis of your proposed project.

Tim Johnson, General Manager / Vice President
