

GRETCHEN WHITMER
GOVERNOR

STATE OF MICHIGAN
DEPARTMENT OF
ENVIRONMENT, GREAT LAKES, AND ENERGY
LANSING

PHILLIP D. ROOS
DIRECTOR

March 27, 2024

Dear Interested Party:

We are sending you this information because you may have an interest in air quality related activities associated with Lansing Board of Water & Light. The company has submitted an air permit application (No. APP-2023-0209) for the proposed installation and operation of a new natural gas-fired reciprocating internal combustion engine plant consisting of six natural gas-fired engines. The engines are proposed to be located at 3725 South Canal Road in Lansing, Michigan.

The law requires the Michigan Department of Environment, Great Lakes, and Energy (EGLE) to open some actions for the public to comment on, such as what Lansing Board of Water & Light is requesting. Public comments are a very important part of making sure the application has been thoroughly reviewed.

Information about the air permit application, such as the summary of the proposed project, the proposed permit conditions, and the fact sheet containing the regulatory analysis of the proposed permit conditions are available to review. This information, as well as what we can consider in our decision, may be found at Michigan.gov/EGLEAirPublicNotice and select "[Applications Open for Comment](#)," or you may contact me for printed copies.

If you decide to comment on this draft air permit, you may submit comments in a variety of ways by May 14, 2024:

E-mail your comment to EGLE-AQD-PTIPublicComments@Michigan.gov

Mail your comment to Michigan Department of Environment, Great Lakes, and Energy, Air Quality Division, Permit Section, P.O. Box 30260, Lansing, Michigan 48909-7760.

Leave us a voicemail comment by calling 517-284-0900.

At the public hearing, if held.

Please note, for this public comment period, a public hearing must be requested.

You may request a public hearing be held, in writing, to the email or address above by April 24, 2024. A virtual informational session and public hearing will be held on May 1, 2024, if requested.

Interested Party
Page 2
March 27, 2024

The virtual information session will begin at 6:00 p.m., with a brief presentation about the proposed project and the draft air permit and will include an opportunity for the public to ask questions of EGLE staff. The public hearing will be immediately following to take official comments on the record. You may contact me at 517-275-2912 after April 24, 2024, to determine if a hearing was requested and will be held.

The Air Quality Division will review and consider all comments received during the comment period before making the final decision. A written response and a copy of the final decision will be provided to you.

If you have any questions, please feel free to contact me.

Sincerely,

Thomas Hercula, Environmental Engineer
Permit Section
Air Quality Division
