New Source Review Permits Final Decisions

Types of Documents

<table>
<thead>
<tr>
<th>Document</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Response to Comments Document</td>
<td>Provides responses to comments that were submitted during the public comment period and/or at the hearing and provides information about the public hearing and changes made to the permit. **Note: if no comments were received during the comment period, this document is not necessary.</td>
</tr>
<tr>
<td>Proposed Project Summary</td>
<td>Provides a brief overview of the proposed project.</td>
</tr>
<tr>
<td>Final Permit Terms and Conditions</td>
<td>Includes the permit requirements based on a thorough review of the application. These are the final permit requirements that the facility must follow to ensure the process operates in compliance with applicable air quality rules and regulations. These conditions may have been updated or changed based on comments received during the comment period.</td>
</tr>
<tr>
<td>Interested Party Letter</td>
<td>Informs those who have indicated their interest in the facility of the permit decision. It also identifies the dates of the public comment period, the date of the public hearing and how many comments were received, if any. This letter also informs the interested party if there were any changes to the permit conditions based on comments received.</td>
</tr>
<tr>
<td>Company Letter</td>
<td>Informs company of the permit decision. This letter also identifies the dates of the public comment period, whether a hearing was held and if comments were received. It also indicates if any changes were made to the proposed permit terms and conditions.</td>
</tr>

Michigan’s Environmental Justice Policy promotes the fair, non-discriminatory treatment and meaningful involvement of Michigan’s residents regarding the development, implementation, and enforcement of environmental laws, regulations, and policies by this state. Fair, non-discriminatory treatment intends that no group of people, including racial, ethnic, or low-income populations, will bear a disproportionately greater burden resulting from environmental laws, regulations, policies, and decision-making. Meaningful involvement of residents ensures an appropriate opportunity to participate in decisions about a proposed activity that will affect their environment and/or health.
