Energy Developments Coopersville, LLC – Permit to Install Application No. 118-20

EGLE is holding a public comment period from September 27 until November 10, 2021, for Permit to Install Application No. 118-20, for Energy Developments Coopersville, LLC (EDC). EDC is proposing to increase the allowed emissions of several pollutants, including sulfur dioxide (SO₂), from the existing landfill gas-to-energy plant located at 15550 & 15362 68th Avenue, Coopersville, Michigan.

Additionally, the permit modification will require revisions to Renewable Operating Permit (ROP) No. MI-ROP-N3294-2019 (SRN N3294). This public comment period meets the public participation requirements for a future administrative amendment to the ROP.

A virtual informational session and public hearing, if requested, will be held on November 4, 2021, starting at 6:00 p.m. If the hearing is requested, the virtual hearing portion will be solely for the purpose to take testimony on the record. The virtual public hearing will only be held if requested in writing by **October 27**.
