New Source Review Permits Open for Comment

Graphic Packaging International, LLC – Permit to Install Application No. 133-19A

EGLE is holding a public comment period from September 10, 2020 to October 23, 2020 with a virtual information session and public hearing on October 15, 2020 for Graphic Packaging International, LLC (Graphic Packaging) located at 1810 North Pitcher Street, Kalamazoo, Michigan.

The proposed project is for modifications to the recently permitted, but not yet completely installed, recycled paperboard machine project permitted on March 5, 2020 (PTI No. 133-19) and a request to limit the overall potential to emit nitrogen oxides to less than major source thresholds to opt-out of the federal New Source Review Program.

Revisions to Renewable Operating Permit (ROP) No. MI-ROP-B1678-2015 are also required. This public comment period meets the public participation requirements for these revisions. Visit Michigan.gov/EGLEGraphicPackaging for more facility information.

A virtual informational session and public hearing will be held for the proposed permit action:

- Attend the Virtual Hearing on October 15, 2020 at 6:00 p.m. An opportunity to get information and ask questions will be held prior to the virtual hearing. If you would like to call in to the meeting, dial 213-787-0529 use code 881478#. To learn more about the public hearing process, view the “Public Hearings - What You Should Know” document. Find out more about submitting comments below.

There are multiple ways a comment may be submitted. A comment may be submitted in writing through the mail, email, voicemail or at the virtual public hearing. Details on how to do this are included below.

Real Alloy Specification, LLC – Permit to Install Application No. 63-19A

A hearing has not been requested and will not be held on September 17, 2020.

The comment period for Real Alloy Specification, LLC remains open until September 28, 2020. Please see the information below for ways to comment.

EGLE is holding a public comment period from August 14, 2020 to September 28, 2020 for Real Alloy Specification, LLC for two adjacent properties located at 368 West Garfield Avenue and 267 North Filmore Road, Coldwater, Michigan.

The Application is for modifications to an existing secondary aluminum processing plant and a request to limit the overall potential to emit for some pollutants to less than major source thresholds to opt-out of the federal New Source Review Program. Those pollutants are:

- Particulate matter (PM), PM less than or equal to 10 microns in diameter, and PM less than or equal to 2.5 microns in diameter
- Nitrogen oxides
- Carbon monoxide
- Volatile organic compounds

The modifications also require revisions to Renewable Operating Permit (ROP) No. MI-ROP-N5957-2012e (SRN N5957). This public comment period meets the public participation requirements for a future administrative amendment to the ROP.

There are multiple ways a comment may be submitted. A comment may be submitted in writing through the mail, email, or voicemail. Details on how to do this are included below.

Michigan’s Environmental Justice Policy promotes the fair, non-discriminatory treatment and meaningful involvement of Michigan’s residents regarding the development, implementation, and enforcement of environmental laws, regulations, and policies by this state. Fair, non-discriminatory treatment intends that no group of people, including racial, ethnic, or low-income populations, will bear a disproportionately greater burden resulting from environmental laws, regulations, policies, and decision-making. Meaningful involvement of residents ensures an appropriate opportunity to participate in decisions about a proposed activity that will affect their environment and/or health.
FCA US, LLC Jefferson North Assembly Plant and Detroit Assembly Complex Mack Plant – Permit to Install Application Nos. 33-20 and 14-19A

EGLE is holding a public comment period from August 5, 2020 to September 18, 2020 for FCA US, LLC’s proposed permits for the Detroit Assembly Complex Mack Plant and Jefferson North Assembly Plant. The two projects consist of:

1. Modifying an existing automotive assembly line at the Detroit Assembly Complex Mack Plant. Modifications include changing various pieces of fuel burning equipment, storage tanks, and not installing a new sealer oven.

2. Installation of a new tutone coating line and performing changes to existing equipment at the Jefferson North Assembly Plant. Changes include moving the rapid repair operations and refurbishing of some equipment, such as automation, application equipment, and conveyor systems.

Both requests require modification to Renewable Operating Permit (ROP) No. MI-ROP-N2155-2017 (SRN N2155). This public comment period meets the public participation requirements for a future administrative amendment to the ROP.

Two virtual informational sessions and a virtual public hearing will be held for these proposed permit actions:

- **Attend the Virtual Information Session on August 25, 2020** at 6:00 p.m. This will provide background information regarding the Permit to Install process and information regarding the two applications. If you would like to call in to the meeting, dial 312-626-6799 use code 919 6367 6206#.

- **Attend the Virtual Hearing on September 9, 2020** at 6:00 p.m. An additional opportunity to get information and ask questions will be held prior to the virtual hearing. To learn more about the public hearing process, view the “Public Hearings - What You Should Know” document. Find out more about submitting comments below. If you would like to call in to the meeting, dial 312-626-6799 use code 989 1017 2001#.

Michigan’s Environmental Justice Policy promotes the fair, non-discriminatory treatment and meaningful involvement of Michigan’s residents regarding the development, implementation, and enforcement of environmental laws, regulations, and policies by this state. Fair, nondiscriminatory treatment intends that no group of people, including racial, ethnic, or low-income populations, will bear a disproportionately greater burden resulting from environmental laws, regulations, policies, and decision-making. Meaningful involvement of residents ensures an appropriate opportunity to participate in decisions about a proposed activity that will affect their environment and/or health.
NOTE: The Department of Environment, Great Lakes, and Energy (EGLE) has closed its offices and other facilities to visits from the public to help mitigate the spread of COVID-19. Necessary public meetings/hearings will be postponed to the extent possible or held virtually. When held virtually, every attempt will be made to accommodate and include individuals from diverse groups, including, but not limited to translation for those with limited English proficiency and provide call in numbers for those without internet access. Other options will also be considered on a case-by-case basis.
