

Accessing Michigan State Implementation Plan (SIP) Submittals Information

SIP Status

The following link connects you to EPA's webpage containing information regarding Michigan's approved SIP submittals.

<https://www.epa.gov/sips-mi>

There you will find:

"EPA Approved Regulations and Statutes in the Michigan SIP" gives the most current information regarding each of Michigan's SIP approved rules.

<https://www.epa.gov/air-quality-implementation-plans/epa-approved-regulations-and-statutes-michigan-sip>

"EPA Approved Michigan Source-Specific Regulations" gives Michigan-issued, USEPA-approved orders requiring pollution control at individual companies.

<https://www.epa.gov/air-quality-implementation-plans/epa-approved-regulations-and-statutes-michigan-sip>

"EPA Approved Nonregulatory Provisions and Quasi-Regulatory Measures in the Michigan SIP" gives an assortment of approved criteria pollutant, infrastructure and miscellaneous SIP information.

<https://www.epa.gov/sips-mi/epa-approved-nonregulatory-provisions-and-quasi-regulatory-measures-michigan-sip>

More in depth information on these SIPs is available at two additional links

- Status of Michigan Designated Areas
