EU324-08 is not subject to CAM (40 CFR Part 64) based on the following:

EU324-08 is not subject to a federally enforceable emission limitation or standard for a major regulated pollutant. Based on correspondence with EPA in 2007, it's DSC's conclusion that federally enforceable non-vent specific ton per year emission limits for major regulated pollutants do not apply to CAM.

Pre-control emissions are less than 100 percent of major source thresholds for specified pollutants.
