08/28/2020	On-site Inspection	Non Compliance	Complaint Investigation Inspection
05/01/2020	Annual Emissions Report (or MAERS)	Compliance	MAERS REPORT SUBMITTED The report was received on time. The reported emissions were reviewed. No data or calculation information was included with the report. An email was sent to Ms. Linda Harris for clarification on 19 emission units on April 15, 2019. On April 15, 2019 I received a response from Ms. Harris which included the records spreadsheet used by the company to track emissions and the hours that the equipment operates. Using this information I was able to verify the emission units in questions reported the emissions properly. All other emissions appear to have been reported accurately.
