UPS NEXT DAY DELIVERY

ENFORCEMENT NOTICE

In the matter of:

Lansing Board of Water and Light
1232 Haco Drive
Lansing, Michigan 48912

SRN: B4001; Eaton County

ATTENTION: Ms. Lori Myott

This letter is to advise you of the commencement of escalated enforcement action against Lansing Board of Water and Light. This letter follows the April 8, 2021 Violation Notice issued by the Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division (AQD) which detailed violations of Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994, PA 451, as amended (NREPA), MCL 324.5501 *et seq.*; the administrative rules promulgated thereunder, and Title 40 of the Code of Federal Regulations, Part 63, Subpart UUUUU; specifically the mercury emission limit was exceeded from the boiler identified as EU001 in Renewable Operating Permit MI-ROP-B4001-2015.

The cited violations against the Company are federally enforceable and are considered a High Priority Violation (HPV) by the United States Environmental Protection Agency (USEPA). The HPV designation means that the USEPA places a priority on enforcing the regulations governing this violation and on formally resolving alleged violations of this type. The AQD is required to report all HPVs to the USEPA, pursuant to the state's grant commitments with the USEPA and the state's delegated enforcement authority of the federal Clean Air Act.

The AQD is providing the Company with an opportunity to formally resolve these violations through the entry of a legally enforceable agreement that will include a compliance program and payment of an appropriate monetary penalty pursuant to Section 5528 of Part 55 of NREPA, MCL 324.5528.

Be advised that failure to respond to this Enforcement Notice in a timely manner and adequately resolve or address the cited violations may result in further enforcement proceedings, including but not limited to, referral of the matter to the Michigan Department of Attorney General (MDAG) for commencement of civil litigation. This Enforcement Notice does not preclude or limit EGLE's ability to initiate any other enforcement action under federal or state law as appropriate.
